

## Unit 9

21<sup>st</sup> Century Skills Project

## A new celebration

**1 Collaboration**

- 1 In groups of four, brainstorm things people celebrate.
- 2 Then, brainstorm things people don't celebrate, but you think they should celebrate, such as passing an exam. Be original!

**2 Creativity**

In the same groups of four, choose one of the things we don't usually celebrate and create a new celebration. Fill the chart.

What you are celebrating?	
When are you celebrating it?	
Decorations?	
Food?	
Presents?	
Costumes and activities?	

**3 Communication**

Join a different group. In each group, there should be three or four people. Each person should be from a different group.

Share the new celebration that you have created with your group.

Ask each other questions about this new celebration and suggest ways in which the celebrations can be improved.

**4 Evaluation**

Vote for your favorite celebration within your group. Discuss why you like this celebration.

**5 Critical thinking**

In pairs, discuss the following questions.

- 1 Why is it important to celebrate?
- 2 What do celebrations help with?
- 3 What is the difference between religious celebrations, national celebrations and personal celebrations?
- 4 Which is your favorite celebration? Why?
- 5 How would life be without celebrations?
